REQUEST: Consider amending the Town of Coats Zoning Ordinances to include Video Gaming.

<u>SUMMARY:</u> Attached you will a proposed amendment to the Zoning Ordinances to allow Video Gaming within the Town of Coats jurisdiction. This item was presented at our December 10, 2012 meeting and a public hearing was set for January 10, 2013

In December, the N.C. Supreme Court reinstated a ban on sweepstakes-style Internet gambling operations, reversing a 2010 state appellate court ruling. That ruling had declared the ban, passed by the Legislature, unconstitutional.

The ban took effect on January 3, 2013. The ban is now pursuant to a criminal statute and it is a matter for law enforcement to determine if the individual business is in violation. Chief Hall has meet with our District Attorney and other local law enforcement officials to determine the appropriate actions and will give the Board an update.

Consider Budget to complete a Water System Study Meeting Date: January 10, 2013	VI-CInformation XAction ItemConsent Agenda	

SUBJECT: Water System Study

DEPARTMENT: Administration

CONTACT PERSON: Kenny Cole, Town Manager

Gary Denton, Public Works Director

REQUEST: Consider budget amendment and establish a committee to evaluate bids.

SUMMARY: MS Consultants completed a 20 yr Capital Improvement Plan in 2009 for the Towns water system. As discussed at our last board retreat, to accurately forecast future demands on our system, a hydraulic model would need to be completed on our system.

The model will consist of performing field flow test, flow recording and residual pressures. Once completed it will provide an accurate representation of our systems performance and the data will be used to provide us with accurate CIP needs. The requested Budget Amendment of \$16,000 is an estimate to complete the study and funds will be moved from the Water Fund Reserves.

We will need to solicit qualifications from engineering firms to perform the study. If approved, I would recommend that the Town Manager, Public Works Director and one Commissioner serve on a committee to interview the engineering firms and make a recommendation to the Board.

BUDGET IMPACT: Funds will be moved from the water reserves into our 2012-13 budget.
